About Breast Cancer

Greetings From The Jakarta Breast Health Foundation (JBHF)

The Jakarta's Breast Health Foundation (JBHF) consists of people who care about breast cancer.

The Jakarta Breast Health Foundation (JBHF) consists of people who care about breast cancer. Breast cancer is the second highest cause of death in Indonesia for women after cervix uterine cancer. Even though breast cancer is a form of cancer that can be detected early. However, the low level of awareness of Indonesia people has resulted in high stadium level of cancer in breast cancer patients in Indonesia.

Care of JBHF towards this problem is proven by its implementation of programs that try to increase people's awareness in general, and women in particular, concerning breast cancer. Programs such as breast cancer information, mobile mammography, and Pita Pink website are hoped to be able to increase people's awareness about breast cancer.

Breast cancer is a problem very close to our lives, but difficult to talk about. Breast cancer can develop in anyone, be it friend, colleague, family member or even yourself. However, we are still reluctant to talk about breast health even more to conduct self-examination. Self-examination and routine visits to doctors are very important to be executed. Let us together with JBHF start being on guard, to remind one another of the dangers of breast cancer. Let us care before it is too late.

Vision, Mission & Objective of JBHF

Vision

Jakarta to be Free from Advanced Progressive Stages of Breast Cancer at 2020

Mission

1. To promote early detection of Breast Cancer as part of general medical checkup.
2. To encourage all hospital to perform services for early breast cancer detection.
3. Health workers and trained volunteers shall supply Information concerning Breast Cancer to communities.
4. To promote awareness that women who have undergone breast cancer operations still can continue to lead normal lives in their chosen field.

Objective

1. To reduce the amount of advanced progressive stages of breast cancer.
2. To increase society's awareness and knowledge toward breast cancer.
3. To find breast cancer on early stages.

Supervisory Board:

Dara Wardhani, SH.MH
Hernowo, SE.Ak

Chairperson:

Dr. Sutjipto, Sp.B.(K)Onk

Vice Chairperson:

Budiasuti A. Tusin
Rima Melati
Dr. Wandaningsih Parmono, MPH

Secretary:

Ary J. Sambodo, SE

Treasure:

Dra. Frederycka Wayan Maker
Ati Windratmo, S.Psi

Organizational Team:

Ir. Kentjana S.N Suwisma
Ati Windratmo S.Psi

Public Information Team:

Dr. Ayi Djembarsari, MARS
Dr. Sariasih Arumdati, MARS
Dr. Sri Heni Setiawati, MHA
Dr. Siti Annisa Nuhonni, Sp.RM
Dr. Indah Sri Anggarini, MARS
Dasmaniarti Nurdin

Medical Science Team:

Dr. Kardinah, Sp. Rad
Dr. Samuel J.Haryono, Sp.B(K)Onk
Dr. Sonar Sony Panigoro, Sp.B(K)Onk
Dr. Ramadhan, Sp.B(K)Onk

Social&Communit SupportTeam:

Dr. Ratna W.B Oka
Yulia Hito
Sonya A. Parengkuan

Fund Raising Team:

Rahmi Adi Putra Tahir
Dewi Dimas Wahab
Ella Irawadi H
Yayuk Fathoni
Linda Herlinda

Foreign Affairs Team:

Srikandi H. Krishna
Dr. Kardinah, Sp. Rad
Dr. Samuel J. Haryono, Sp.B(K)Onk
Dr. Evlin Suzanna, Sp.PA

**Public Relation & Documentation
Team:**

Bambang Purwanto, SH.MH
Dr. Maria Witjaksono

Sekretariat YKPJ:
